"UNBEATABLE (EP. 1): PROLOGUE (A TV PREQUAL SCRIPT)"

FADE IN:

INT. A VALLEY FULL OF PLANT LIFE - DAY

[The scene opens up to a wide valley where it looks so natural that it doesn't look like a single person has ever even set foot on it. A strong-looking man, Zeus, looking in his mid-fifties wearing a brown monk's robe. He has long gray hair along with tan skin. Facial features include intense blue eyes, a long gray beard, and a scar along the forehead.]

ZEUS (LOOKS AT THE CAMERA)

It is the year 1586 A.D. on Earth.
Welcome, I am Zeus. I am the same Greek god heard of in mythology. Right now I am here not to tell you of what has happened, but how it will begin. Many believe the land of Mount Olympus as a myth, that it doesn't exist....it did, but not on the earth. Mount Olympus shared property with the world known as Heaven. Anyway, a war is brewing between two groups known as the gaurdian forces, a royal family here on Mount Olympus. They will battle on Earth against the group of mercenaries I banded

together known as the Numbered Soldiers.
Now news of my existence may be very odd
for some, but later in the story you will
that my existence DOES have more meaning
later on. I'll start from the beginning of
the story that will become a legacy.

INT. INSIDE A DARK CABIN - NIGHT

[A woman wearing black ninja-like clothes including a mask so we can't see the face enters the cabin holding a medium-sized sword in a ready-stance. She is looking around cautiously as she looks through the darkness and listens for someone. All of a sudden a somewhat overweight man in purple ninja clothes including mask shoves her and disappears. The woman waves her sword around in shock, soon after another dressed in the same clothes as the other holds a sword to her throat. She drops her sword in defeat.]

[The man with a sword is greeted by the slightly overweight one holding a rather large candle. The man with the sword, Alex, takes off his mask showing he is an average looking guy wearing a medallion of an eagle around his neck. Facial features include hazel eyes along with short and wavy brown hair. The other holding the large candle, Justin, does the same and is a slightly overweight guy close to Alex's age and height. Facial features include medium length brown hair tied back along with a neatly trimmed goatee.]

ALEX (LOOKING DISGUSTED)

(Walks around the woman still holding the sword to her throat)

So you think that you're worthy to be with us? You easily gave up and now you are only an inch from death. You never do that, if you do that with an assassin that man or woman will gut you before you can lay down a blow. So what will you do now?

JUSTIN (LOOKING AT THE WOMAN ALSO)

(Takes out a long staff with his free

hand)

C'mon tell him, what did you think you were going to do? Teleport? You can't do things like that until you've earned your number. Do you know who we are? We're the Numbered Soldiers, the mercenaries brought together to kill assassins. We won't let just anyone join us if he or she is as pathetic as you are.

ZEUS (NARRATING)

(Sound dies off as Alex and Justin talk)

Alex and Justin, alias's 1 and 2, these are the Numbered Soldiers who were formed years ago find and kill assassins sent by a tyrant by the name of Bain. Not many have seen Bain, but he is a powerful man and a force that most fear.

(Sound comes back and the two stop talking)

WOMAN

(Closes her eyes)

No.

ALEX

(Looks at her cautiously)

What?

WOMAN

I won't teleport, I will use my own strength.... as Bain said to.

JUSTIN (LOOKS AT ALEX)

ASSASSIN!

[The woman kicks Justin away making him drop the candle and takes out a sword hidden in her clothes. She swipes the sword against Alex's and backs away out of the cabin. Alex and Justin follow.]

INT. OUTSIDE THE CABIN - NIGHT

[The Woman Assassin runs out into the field outside waiting for the two men. She doesn't have to wait long as Alex surprises her from behind via teleportation with a combination of sword swipes and kicks that she accurately anticipates. Justin teleports somewhere further from Alex and soon charges towards the Woman Assassin staff in hand.]

ALEX (LOOKS AT JUSTIN)

(Backing from the Woman Assassin)

2 (Justin's code name) we need to be careful. There's been tons of news about how skilled Bain's assassins are.

[The Woman assassin breaks 2's staff in two with her sword.]

JUSTIN

(Looks at his now broken staff and then at the Woman)

No freaking duh 1 (Alex's Code-name).

WOMAN (TAKES OUT A SECOND SWORD FROM UNDER HER CLOTHES)

(Looks at the two)

You will both die. It won't matter how...why...or where to Bain or I.

ALEX

(FOCUSED ON THE WOMAN ASSASSIN)

Yea well with all those weapons under those clothes I'd say the reason you take life is because you have NO life.

JUSTIN

Yea all those weapons under there, any guy would be crazy to try undressing you. [He smiles] A classic man-hater, aren't you?

WOMAN

(Seeming angry)

YOU MISERABLE PIG!!!

[The Woman Assassin swipes her sword angrily at 2 who is running backwards trying to avoid it. 1 gets in an attacking stance but he didn't move anywhere, he's still where he was when the Woman started chasing 2. 1 then fires from the palms of his hands a ball of concentrated energy that soon hits the Woman Assassin in the back making her fall to the ground and drop her sword. Justin walks over to her slowly and kicks the sword from her reach. He gets the Woman Assassin up onto her knees as Alex slowly walks towards them.]

ALEX

(Breathing hard)

Man, those energy balls take a lot out of you.

JUSTIN

Tell me about it. Lets finish this.

[Justin goes to snap the Woman Assassin's neck but she breaks Justin's clutches and punches him numerously in the chest and face making him back away. She runs towards Justin and attacks with a pump kick She turns to Alex and quickly disarms him of his sword by cutting his hand and

drilling him with a jump kick. She walks towards Justin looking angrier than before.]

ALEX

I'll take care of this.

[The Woman Assassin drives one sword into the ground dangerously close to 2's crotch area.]

JUSTIN

Go for it. Do something, anything.

[The Woman Assassin holds the sword in a stabbing fashion. Alex runs over to her but is nearly beheaded by her quick swiping. She looks back at 2 who is trapped where he is since the first sword caught part of his pants.]

[Alex charges behind her and grabs her wrist. She keeps trying to cut 1 but she can't reach due to 1's grasp. 1 manages to disarm her.]

JUSTIN

1 my future children thank you.

[Alex grabs the Woman Assassin's shoulder and gets hit with a forearm but catches the following punch and breaks her arm. Alex looks into her eyes as she screams in pain. He kicks her in the side of her knee which messes the entire leg up and snaps her neck soon after. The Assassin is dead as she falls onto her side.]

ALEX

(Walks over to Justin)

You all right?

JUSTIN

(Relieved)

I'm fine. We got more company coming our way through.

[Justin points to a man walking towards them. It's a man wearing dark clothes that look as if he's from a rich family. These articles include a cape, suit and a belt

holding both a sword on one end and a dagger in the other. Facial features include strong facial structure, clean cut face, very wavy dark hair and brown eyes.]

ALEX

(Looks over)

It's Prince Kain, the heir to Mount Olympus.

[They kneel as Kain walks to them. Kain looks at the two individually.]

KAIN

(Nudges his head upward)

Raise now Numbered Soldiers.

ZEUS (NARRATING)

Prince Kain, the heir to Mount Olympus, he has been greatly waiting the day that he may achieve the throne and rule this land.

He is currently engaged to the head Councilman's daughter, Gabriella. He can and will most likely win over the throne...by any means that he wishes to take.

[They stand up and look directly at the Prince. He seems like a very distinguished man and eager to achieve full power over the land.]

KAIN

(Looks at Alex and pulls out a piece of paper from his pocket)

Alexander Skyhawk, alias 1, as leader of the Numbered Soldiers you are invited to a hearing and banquet involving preparation for the upcoming war with Bain's forces.

JUSTIN

Sorry for interrupting, but we just dealt

with one of his forces. As you can see we
easily laid her out.

[Kain looks over at the dead Assassin. He walks over to her
and studies her carefully. After five minutes he walks back
to them.]

KAIN

Interesting, thank you 2 for showing me
this. It'll take awhile to realize exactly
why she got even on Mount Olympus but I
will try to figure it out. Oh yes and
about the meeting...will you attend?

ALEX

Well I'd love to, but sadly I'd feel quite
vulnerable if my partner wasn't around in
any of those "just in case scenarios". So
how about you invite 2 as well due to his
finding. After all before we even began
fighting her, 2 here was able to determine
her allegiance before she could pull
anything.

[Kain looks at them individually studying them and then
look at Justin alone]

KAIN

(Takes out another paper)

All right then...Justin Tense, alias 2 you
are also invited to this meeting.

ALEX (1)

And we'd be glad to attend.

[They take the invitation paper and watch as Kain leaves
them]

INT. BACK INSIDE THE CABIN - NIGHT

[Alex and Justin enter the cabin as Alex reads the paper

Kain gave him. Justin lights all the candles in the room.]

ALEX

(As he reads)

Well we got till tomorrow night to get ready for that meeting. So lets get things straightened up in here first.

JUSTIN

(As he picks up some things that fell over)

Hey how come you got me invited?

ALEX

(Looks at Justin)

Why? You don't want to go?

JUSTIN

(Puts away some stuff on a table)

No, I want to go I just wanted to know why you wanted me to come.

ALEX

Think about it this way Justin, we are good friends and very famous around here since we're training to help prevent Bain's attack.

JUSTIN

True.

ALEX

Plus not to mention that we were invited by the same guy who will rule this land in the future. So we will go to this meeting, have ourselves a little fun and also...

JUSTIN

Also???

ALEX

Well the Guardian Forces...they are...well.

JUSTIN

(Surprised)

Whoa!! Hold on right there Alley!! You're talking about the prized daughters of the Council!

ALEX

Phoenix is different.

JUSTIN

Oh.... yeah Phoenix I forgot about you two. Well look nobody knows about you and her so...lets keep it under wraps.

ALEX

Oh yeah both of us already knows what would happen if someone should find out.

JUSTIN

Yeah whatever.

INT. IN PRINCE KAIN'S BEDROOM - DAY

[Prince Kain is sitting in his bedroom drinking tea as he waits for the head councilman's daughter, Gabriella, to appear. There's a knock at the door.]

KAIN

(Looks at the door)

Who is it?

[The head councilor's daughter, Gabriella, enters the room. She has long blonde hair, blue eyes and is wearing a long white sundress]

GABRELLA

(Looks at Kain smiling)

Hello.

KAIN

(Smiles back)

How are you doing my beloved?

GABRELLA

Fine, now what did you have in mind?

[Kain walks over and shuts the door.]

KAIN

We need to rid ourselves of the Numbered Soldiers. Mount Olympus is planning on becoming a republic and if that is to happen then my family will lose all power to a Senate of old fools.

GABRELLA

(Looks at Kain with wonder)

Why the Numbered Soldiers?

KAIN

With the Numbered Soldiers gone, there will be no protection for the Senate. The people will have no choice but to trust my family for guidance. But the question is.... how to do it?

[Kain sits down in deep thought as Gabriella looks down possibly doing the same. Kain walks to the door to leave looking troubled.]

KAIN

(Looked to have gotten an idea)

I know I'll have two locked up assassins attack at the banquet. [Gabriella looks shocked] Yes I know it is a sacrifice but it'll be well worth it if they manage to do the job.

GABRELLA

And that objective is?

KAIN

The murder of a councilman.

[Kain opens the door smiling until he stops and looks at Gabriella.]

GABRELLA

(Looks in deep thought)

Wait. I know a way to exile 1 and possibly

2 if the actions you have planned move
accordingly.

KAIN

Oh? What is it?

[Gabriella walks close to Kains' ear and whispers something to him that makes his eyes bulge and then makes him sneer knowing what seems to be knowledge about Alex/1 that can lead into the exile of the Numbered Soldier.]

KAIN

You don't say? Miss Phoenix isn't as pure
as she appears to be.

GABRELLA

NO, she has had...sinful relations with 1
since last month.

KAIN

Interesting.

[Kain leaves the room laughing]

INT. AT THE MEETING/BANQUET - NIGHT

[At the hearing/banquet, the building on the outside is like a large dome with many Town Hall-like similarities. On the inside the lighting was as if the whole place was golden. The tables were so clean with a white tablecloth on top showing many patterns on the sides looking as if made of solid gold. On each table were five red candles, each one lit. Every representative in Mount Olympus looks like they are there.]

[Alex and Justin are there each wearing formal clothes. Alex is wearing a black jacket, black formal pants and a purple shirt under the jacket...Justin is wearing the same. Alex goes to his seat as Justin fills plate after plate with food.]

[In the largest table, the council and their daughters are sitting down talking amongst themselves. Gabriella is there beside her father who looks like your average tired and skinny old man. Beside her is the father of Phoenix who isn't as skinny but still old like the other five.]

COUNCILMAN 1

Beautiful isn't it Girls?

PHOENIX

(Looks as if woken up from a daydream)

Hmm?

GABRELLA

Very

COUNCILMAN 2

You all right Phoenix? You seem
distracted.

PHOENIX

No I'm fine I've just been busy what with
my studies and all.

COUNCILMAN 1

Women as beautiful as you and my Gabriella
shouldn't spend so much time on books and
martial arts when there is such a great
world to explore.

PHOENIX

Yes...but what if?

COUNCILMAN 2

(Smiles)

Exactly, these girls need to be ready. An assassin could come at any moment.

[Justin walks past the council's table and glances at them talking.]

COUNCILMAN 1

Excuse me young sir? You're that "Numbered Soldier" aren't you?

JUSTIN

(Shocked that a powerful person like the head of the council is talking to him)

Umm yes.

COUNCILMAN 2

Well congratulations on taking care of the FEMALE assassin. I mean as I just said that anything can happen and since a woman can be an assassin I am right.

JUSTIN

I just did what I could. They are difficult. Especially the females, well I have to be going, goodbye council, Phoenix, lady.

[Justin walks back to his seat next to Alex and eats. Phoenix is secretly glancing at Alex.]

GABRELLA

Strange Phoenix that he knew YOUR name and nobody else's.

PHOENIX

I don't know, maybe he's heard of me and didn't know much of you. So maybe he just wanted to be proper.

[Justin looks back at the councilmen and their daughters.]

ALEX

How's the council tonight?

JUSTIN

(Looking at the councilmen's daughters)

Amazing.

ALEX

Yes she is but what about the councilMEN?

JUSTIN

OH, umm fine they're doing fine. One looked as if they were joking around. Look Alex, we have a job...let's just do this job and get the rewards as promised. Nothing can possibly go wrong.

[Two assassins dressed in black leather pants and vests break in through the top of the dome. They laugh as the many representatives scream upon seeing them.]

ALEX

DAMN! ASSASSINS!

JUSTIN

OF ALL THE TIMES!!

[Alex and Justin shed their formal clothes showing their

purple ninja wear from before. Alex passes Justin a long staff from a nearby armory as well as taking a sword for himself. One of the assassins beheads a representative using a large metal disk strapped on the back of his vest.]

[The councilmen and their daughters run to a safer place. They eventually get to the door but an assassin runs right in front of them.]

ASSASSIN 2

Come on you'll miss the party.

[Justin quickly gets up and starts stomping whacking Assassin 2 numerously with the staff.]

JUSTIN

GET OUT OF HERE!!! GO!

[Alex swipes defensively with his sword cutting up Assassins 1's arms (not cutting off). Assassin 2 gets up and enters a fighting stance; he also takes out a throwing knife. Prince Kain arrives from outside and runs to the councilmen.]

KAIN

(Receives a hug from a scared Gabriella)

What's happening?

COUNCILMAN 2

Two assassins are inside killing everyone and the Numbered Soldiers are fighting them off.

KAIN

All right I'll take care of it.

COUNCILMAN 1

The numbered Soldiers are taking care of it.

KAIN

(Talking to himself as he enters)

Not for long.

[Alex swipes Assassin 1's arm clean off. As the Assassin yells in pain, Kain walks by and stabs the assassin in the back. Assassin 1 dies a long painful death.]

ALEX

Too easy.

KAIN

Obviously. How's your partner?

[Alex and Kain look over at Justin. Justin is using his staff in defense from being in a close up position here that knife may stab him to death easily. Assassin 2 throws his knife outside and gets Councilman 1 in the heart.]

KAIN

NO!!!

ALEX

COUNCILMAN!!

[Justin in anger swings the staff hard in Assassin 2's mouth. Justin grabs him by the throat and places the free hand above the kidney area. As 1 and Kain run to the fallen councilman and scared others surrounding him, Justin blasts through Assassin 2's torso using the same concentrated energy Alex used before Assassin 2 dies instantly.]

JUSTIN

(Still angry)

You...you deserve much worse.

[Justin runs over to the now dead Councilman, many are scared, as well as Phoenix and Gabriella. Kain looks as if

he's crying but we can't be completely sure.]

KAIN

People please...we must take this as an example. An example that we are in fact at risk of a loss from Bain's followers. Let us also take this as an example that the Numbered Soldiers cannot handle assassins.

ALEX

(Looks at Kain)

What do you mean? We killed the assassins.

KAIN

(Points inside where over ten dead bodies are lying)

Yes and look at those you were meant to save!! You were supposed to insure the safety of all of us and now by the looks of in there are over 10 casualties from two assassins...TWO ASSASSINS!!

JUSTIN

Sir we apologize.

KAIN

No more apologies, you are the reason the councilman were in the position where he died. GAURDS ARREST THIS MAN!!

ALEX

You must be kidding.

KAIN

As well as you, don't think I didn't know
about you and Miss Phoenix you adulterer!!

ALEX

(Looks at Phoenix in disbelief. Phoenix
looks shocked that Kain knew)

I can explain.

KAIN

(Watches as the Numbered Soldiers are
taken away)

I've heard enough.

[Shows the Numbered Soldiers being taken to jail.]

INT. AT THE JAILHOUSE - NIGHT

[Alex and Justin are made to kneel in front of a throne
where Prince Kain is sitting. The jailhouse is made of
stone, isn't clean at all with exception of the throne, and
has a torture chamber right in the floor below where the
screams can be easily heard.]

KAIN

You two know why you are here. We stated
in your contracts that if you should fail
in your mission you would be exiled to
Earth. Understood?

ALEX

No. For starters Prince Kain, We aren't in
the fault for those assassins.

KAIN

Oh? How so?

ALEX

Well those weren't in allegiance to Bain, they were terrorists that we captured a long time ago. I remember watching you personally sentence them.

KAIN

.....Very good. I see you have done your homework.

JUSTIN

So they got out of jail?

ALEX

No, why would they break out of the harshest environment imaginable so that they could do something to be put back in or even killed? They had to have been let out.

JUSTIN

Prince Kain I apologize for 1, he has been-

ALEX

(Looks at the main door beside him)

None of the locks are even touched meaning someone gave them the keys. Now isn't it...you who holds the keys?

KAIN

(Looks surprised but then smiles)

You are too qualified for this position.

JUSTIN

(Shakes his head)

No...it can't be.

KAIN

Well then I'm sorry to disappoint you,
because if you stay...I don't get the
throne and a republic of councilmen do. So
I don't care you caused it, you failed and
you will BOTH pay. GAURDS!! Take them to
the readying compartment for exile.

ALEX

(As the guards take Alex and Justin away)

Kain!! You'll pay!! I don't know how but
you will!!

[1 and 2 are put into the readying compartment and locked
in. It looks the same as the jailhouse but with a few small
chairs. There is a person dressed in rags (Possibly a
priest) waiting with them.]

JUSTIN

Beautiful Alley, just beautiful. We had it
all...everything we needed. I had everyone
loving me as well as you who also had
Phoenix that well...you know.

[The Priest takes off the rags over her head revealing that
she is actually Phoenix.]

ALEX

Phoenix.

PHOENIX

I didn't tell Kain, Gabriella did because he asked her. Honestly I would never tell anyone about that.

JUSTIN

What are you doing here?

PHOENIX

I had to tell you before you were taken away from me that I never betrayed you. Also I wanted you to have this, so you'll never forget about us.

[Phoenix gives Alex a ring. The guards enter the room and grabs Alex. Justin shoves the guard away and starts fighting them off as Alex and Phoenix have a goodbye kiss. The guards eventually take away Justin and soon after Alex as Phoenix screams the words "NO" and "I LOVE YOU ALEX".]

INT. BACK TO THE VALLEY - DAY

[The screen goes back to the valley where Zeus began his narration. He is still standing there looking around in deep thought.]

ZEUS

(Looks at the sky)

The Numbered Soldiers were sentenced to exile onto Earth. Prince Kain was crowned King of Mount Olympus. Sadly however, Bain's forces destroyed Olympus three days after Kain was crowned. But now 400 years have passed and it is the year 1986 A.D. on Earth. I have now been given the right to reincarnate the group known as the Guardian Forces as well as Prince Kain.

However there are problems: Bain will find them eventually and with his troops slaughter them as Earth is being dominated which he plans to do in the coming years by sending troops one at a time. The second is the Numbered Soldiers that are still on Earth, they have had three generations of children...quite strangely fate has come to anticipate my plan since the fourth generation will be coming soon. If these new children are like their ancestors, we may be in trouble. Since it was Prince Kain that exiled their ancestors to Earth for his own personal gain. I know these things since I still am a god. The coming war that destroyed Mount Olympus will come to Earth, lets hope everything in my plan works out. If it does, the Guardian Forces will defeat Bain. As For the Numbered Soldiers, they are both our allies...and our enemies.

FADE OUT.

THE END
